CLASSIFICATION VENUE - while HHAANZ will make every endeavour to hold classifications in convenient locations for all members, there are time and cost constraints, this means we may have to centralise venues and some members will have to travel in order to present horses for classification. Ideally HHAANZ would like there to be a minimum of 10 horses to be presented at each classification venue. Please fill in below, the most suitable region/state available to you and venue that would be appropriate. Please note this may involve contacting a few other Holsteiner breeders in your area, to try and meet the numbers required for the classification to take place in your region/state. The venue chosen must have an arena of suitable size (minium of 20m x 40m arena) with a good footing with suitable fencing for free running mares and foals.

You will receive notification prior to the tour as to which venues are to be classification sites, along with dates and times and your area coordinator.

REGISTRATION - Please note that your horse cannot be classified unless it has been firstly registered or the application for registration has been made at the same time as applying for classification.
